WWW.EZTRACAWD.COM

Equipping fleets to push their boundaries since 2008.

HYDRAULIC ALL-WHEEL-DRIVE

Transform your chassis into the truck you need by adding an EZ Trac axle and pump/PTO kit to put all of your wheels to work without sacrificing the power, handling, or OEM ride height and quality you desire.

POWER AT THE PUSH OF A BUTTON

The cab-mounted switch allows you to engage or disengage the system on-the-go, giving you the traction you need to conquer any terrain.

AVAILABLE NOW

Talk to a Sales Representative today, or call
(844) 289-3987 to order your axle now.
